62’, 2025 100% ELECTRIC SILENT YACHTS CATAMARAN | 8 GUESTS IN 4 CABINS

SILENT GRACE

OPERATING WITH ZERO FUEL COSTS

SILENT GRACE is a three-deck solar catamaran redefining chartering in Greece. Based in Athens for the 2027 season, she invites guests to explore the beautiful Saronic Gulf, from charming island villages and secluded bays to crystal-clear waters and authentic Greek experiences. Based on the award-winning SY62 3-Deck model—awarded Most Efficient Yacht at the 2024 Cannes Yachting Festival—she delivers everything you expect from a luxury charter: freedom, discovery, relaxation and escape. But she does it in harmony with the sea. With quiet electric propulsion and innovative solar technology, she lets you cruise in perfect rhythm with the surroundings.

Life aboard SILENT GRACE is shaped around how you want to spend your days. Stretch out on the 60 m² top deck with its dining area, sun pads and sweeping 360° views, or come together in the bright 50 m² saloon for meals and relaxation. Four spacious en-suite cabins welcome up to eight guests, including a generous master suite in the port hull with enhanced width and large windows, as well as a flexible twin-to-queen arrangement. Outdoors, alfresco dining and foredeck lounging blend seamlessly with time on the water—whether that's sea scooters, kayaks, towables or simply a swim in a secluded Greek bay. For quieter moments, yoga on deck, Technogym sessions or the resonance of a Crystal Singing Bowl bring balance to the experience.
